

Our Individual Cremation Service

Pet Rest Cremation will provide a caring and dignified service for your beloved pet whilst respecting your wishes.

We will communicate with you and provide support when needed during this difficult time.

We can collect your pet from the veterinary surgery, your home or meet with you at the crematorium in Tanawha.

Prior to conducting a cremation service for your pet we will contact you to finalise your wishes regarding; casket choices, paw print and lock of hair, and other memorial options.

We will care for your pet with respect and dignity and provide an individual cremation service for them.

Arrangements can then be made with you for your pets ashes to come home or back to your veterinary clinic. Generally, your pets' ashes are ready to return home within a couple of days.

About Us

Pet Rest Cremations is a trusted, locally owned, family business that has been providing service to the Sunshine Coast Region since 1997.

Over this time we have developed a strong reputation for being a caring and professional service. Our staff members are dedicated and passionate about the welfare of animals, and all have pet families whom we love.

We know that it's hard to let go and release trusted responsibility to someone else, but know that we do understand the deep love and relationship of a pet and their family and we will be respectful and provide dignified care.

Our staff are experienced and entrusted in their positions. They will sympathetically provide an individual cremation service for your pet and if you want, you would be warmly welcomed to visit the crematorium for a viewing or knowledge of the cremation process.

It may be important for you to know that we work alongside veterinary teams every day to provide service that meets your needs and facilitates a peaceful finale for your pet.

Pet Rest Crematorium is located within the grounds of the Sunshine Coast Animal Refuge and we greatly value the relationship we have with the organisation and volunteers. The grounds are beautifully maintained in the tranquil bushland surrounds in Tanawha.
